

with a decoction of Dha'nyakam, Ushira and Pafpatam, or a decoction of A'malaki, Gudachi, and Ch^ndanam taken with honey proves curative in all forms of fever. Now hear me, discourse on the medicinal compounds, which have the efficacy of subduing the Sannipatika forms of fever. A decoction of Haridra*, Nimva, Triphali, Mustalcam, DevadaYu, Katurohini and Patola leaves destroys Sannipa'tika fever. Powders of Nigavala*, taken with a decoction of Guduchi, Pushkara, Na*garam and Kantkari subdues cough, asthma, etc. Hot water should be given for the alleviation of thirst in fever due to the action of the deranged Vayu and Kapham. Cooked Shili rice reduced to the consistency of a soup, rice gruel, or Mudga soup should be given to a fever* patient for the subsidence of fever. Water boiled with Vishva, Parpatakam, Ushira, and Chan dan am, and subsequently cooled down, should be given for the alleviation of fever, thirst and vomiting. A decoction of the drugs of the Panchamulam group proves remedial to Vitaja fever. A decoction of Pippali-mulam, Guduchi, and Vishva-bheshajam conquers Vata*ja fever. A decoction of Nimva and Parpatakam, taken with honey, proves curative in Phtaja fever. The forehead and soles of the feet of a fever-patient, who can not be restored to consciousness even with the employment of ordinary restorative measures, should be cauterised with an iron rod. A purgative decoction consisting of Tikta", PaUa, Patola, Vishalf, Triphald, and Trivrit,

taken with boiled milk ,proves curative in all
forms, of fever
